In Partnership With:

The Most Comprehensive Indoor Air Quality Monitor

View Plus for Business is the latest addition to the Airthings for Business Solution. With View Plus, there are now a total of three different monitors that can operate in the building, all sending data through the Hub. The Airthings for Business solution is a scalable solution to build the best mix of monitors to suit your facility's environmental needs.

TECH SPECS

Dimensions	17 cm x 9 cm x 3.3 cm (length x width x height)
Weight	360g (with batteries, without cable)
Sensors	Radon, CO ₂ , TVOC, PM ₁ , PM _{2.5} , Temp, Relative Humidity, Air Pressure, Relative Light Intensity (0-100%)
Privacy	Noise indicator used for measuring sound pressure level only. No privacy concern. Only enabled for Airthings for Business.

Power	6 AA batteries or USB-C
Connectivity	Airthings Smarlink and Bluetooth Low Energy
Operational Environment (Recommended)	Temp: 4 °C to to 40 °C (39 °F to 104 °F) Humidity: 0 - 85 % (non-condensing) Prolonged exposure at very dry or humid conditions may affect visual appearance of display. Prolonged exposure to very humid conditions can degrade radon sensor.

Measure Nine IAQ Parameters 24/7

Protect Your Facility

Occupancy Indicator

Understand occupancy trends in your building.

Virus Risk Indicator

Understand which areas have elevated airborne virus transmission risk.

CO₂ Alert

Know when CO₂ levels get too high, so you can bring fresh air into the room, keeping occupants healthy and productive.

Airthings IAQ Dashboard

Understand the health of your environment at a glance.

Features

Customizable Display: A state of the art ultra-low power display to maximize battery life.

Customized Public Facing QR Code: Scan to check IAQ and the latest **9 parameters** in your indoor space.

Select Readings: Choose which readings matter to you. Pick **two** real-time readings to show continuously on the display.

Wave to check air quality: Set your own thresholds and wave hand for air quality information.

Green Building Certification: View Plus has been tested and accredited by the RESET standard for accuracy. Our solution is also fully approved by WELL, which can help you in your journey towards certifying your building.
